GCSE SPANISH

1 INTRODUCTION

1.1 Aims and objectives

This GCSE specification in Spanish for use in Wales is based on a conviction that learners studying a modern foreign language will develop their desire and ability to communicate with and understand speakers of Spanish in a variety of contexts and for a variety of purposes.

The specification supports the aim that the study of a modern foreign language will broaden horizons, develop cultural knowledge and understanding and foster transferable skills such as confidence, communication, problem solving and creativity.

The specification also aims to provide learners with a solid foundation on which to prepare them for future language study.

This WJEC GCSE specification in Spanish will enable learners to:

- develop their ability to communicate confidently and coherently with native speakers in speech and writing, conveying what they want to say with increasing accuracy
- express and develop thoughts and ideas spontaneously and fluently
- listen to and understand clearly articulated, standard speech at near normal speed
- deepen their knowledge about how language works and enrich their vocabulary in order for them to increase their independent use and understanding of extended language in a wide range of contexts
- acquire new knowledge, skills and ways of thinking through the ability to understand and respond to a rich range of authentic spoken and written material, adapted and abridged, as appropriate, including literary texts
- develop awareness and understanding of the culture and identity of the countries and communities where the language is spoken
- be encouraged to make appropriate links to other areas of the curriculum to enable bilingual and deeper learning, where the language may become a medium for constructing and applying knowledge
- develop language learning skills both for immediate use and to prepare them for further language study and use in school, higher education or in employment
- develop language strategies, including repair strategies.

The specification meets the Welsh Government's requirements for modern foreign languages. The content and structure have been developed based on consultation with practising teachers, senior examiners and subject experts.

Consideration has also been given to the following:

- accessibility of assessments for learners of different abilities
- topics of interest and relevance to learners
- assessments which reward spontaneity and creativity by the learner
- length of each assessment.

1.2 Prior learning and progression

There are no previous learning requirements for this specification. Any requirements set for entry to a course based on this specification are at the school/college's discretion.

This specification builds on subject content which is typically taught at key stage 3 and provides a suitable foundation for the study of Spanish at either AS or A level. In addition, the specification provides a coherent, satisfying and worthwhile course of study for learners who do not progress to further study in this subject.

1.3 Equality and fair access

This specification may be followed by any learner, irrespective of gender, ethnic, religious or cultural background. It has been designed to avoid, where possible, features that could, without justification, make it more difficult for a learner to achieve because they have a particular protected characteristic.

The protected characteristics under the Equality Act 2010 are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The specification has been discussed with groups who represent the interests of a diverse range of learners, and the specification will be kept under review.

Reasonable adjustments are made for certain learners in order to enable them to access the assessments (e.g. candidates are allowed access to a Sign Language Interpreter, using British Sign Language). Information on reasonable adjustments is found in the following document from the Joint Council for Qualifications (JCQ): *Access Arrangements and Reasonable Adjustments: General and Vocational Qualifications*.

This document is available on the JCQ website (www.jcq.org.uk). As a consequence of provision for reasonable adjustments, very few learners will have a complete barrier to any part of the assessment.

1.4 Welsh Baccalaureate

In following this specification, learners should be given opportunities, where appropriate, to develop the skills that are being assessed through the Skills Challenge Certificate within the Welsh Baccalaureate:

- Literacy
- Numeracy
- Digital Literacy
- Critical Thinking and Problem Solving
- Planning and Organisation
- Creativity and Innovation
- Personal Effectiveness.

1.5 Welsh perspective

In following this specification, learners must consider a Welsh perspective if the opportunity arises naturally from the subject matter and if its inclusion would enrich learners' understanding of the world around them as citizens of Wales as well as the UK, Europe and the world.

2 SUBJECT CONTENT

The qualification is made up of four units: Unit 1 is a spoken non-exam assessment, Unit 2 is a listening examination, Unit 3 is a reading examination and Unit 4 is a written examination.

The context for learning the language is organised under **three broad themes**:

- Identity and culture
- Wales and the World – areas of interest
- Current and future study and employment

Each broad theme is divided into sub-themes.

Identity and culture	Wales and the World - areas of interest	Current and future study and employment
<p>Youth Culture</p> <ul style="list-style-type: none"> • Self and relationships • Technology and social media <p>Lifestyle</p> <ul style="list-style-type: none"> • Health and fitness • Entertainment and leisure <p>Customs and Traditions</p> <ul style="list-style-type: none"> • Food and drink • Festivals and celebrations 	<p>Home and Locality</p> <ul style="list-style-type: none"> • Local areas of interest • Travel and Transport <p>The Wider World</p> <ul style="list-style-type: none"> • Local and regional features and characteristics of Spain and Spanish speaking countries • Holidays and tourism <p>Global Sustainability</p> <ul style="list-style-type: none"> • Environment • Social issues 	<p>Current Study</p> <ul style="list-style-type: none"> • School/college life • School/college studies <p>Enterprise, Employability and Future Plans</p> <ul style="list-style-type: none"> • Skills and personal qualities • Post-16 study • Career plans • Employment

The specification supports learners to be able to apply their language skills in a personal, public, work and educational context.

2.1 Unit 1

Unit 1: Speaking

Oral test: 12 minutes preparation time
7-9 minutes (Foundation tier)
10-12 minutes (Higher tier)

25% of qualification
60 marks

This unit requires learners to communicate orally in Spanish by participating in a role play, a photo card discussion and a conversation. Assessment of this unit will also take account of knowledge of, and accurate application of, grammar and structures. The three broad themes will be covered across all of the tasks.

See section 3.2 for detailed information on arrangements for conducting the speaking non-exam assessment.

Learners are not permitted to use dictionaries in any part of the assessment.

Task 1 - Role play

(15 marks)

In the role play a scenario will be set based on one of the broad themes. There will be 5 interactions and the learner will be required to;

- respond appropriately to questions or statements as prompted by the stimulus material
- formulate a question
- respond to an unexpected question.

These responses will target vocabulary and structures from the themes and give opportunity for learners to cover aspects of the subject content including communicating and interacting in short conversations. The format will be structured to guide the candidate during this task. This task will assess the candidate's ability to manipulate language and apply linguistic knowledge to communicate a message clearly and coherently.

Task 2 – Photo card discussion

(15 marks)

Foundation tier: the candidate will be given a photo stimulus and three seen questions to respond to during the discussion. One additional unseen question will be asked by the teacher/examiner.

Higher tier: the candidate will be given a photo stimulus and two seen questions to respond to during the discussion. Two additional unseen question will be asked by the teacher/examiner.

The teacher will lead the questions for the discussion; however, the candidate will have the opportunity to narrate events, speak spontaneously, exchange opinions and make creative use of the language.

Task 3 - Conversation

(30 marks)

The conversation will cover content from two of the three broad themes and will be divided into two parts.

Part 1 will cover the broad theme not already covered by the role play and the photo card. Candidates will be given a choice of two bullet points upon which to structure their discussion. It will give candidates the opportunity to produce more extended sequences of speech, demonstrate their knowledge of the subject content not covered in the role play and photo card discussion and provide evidence of their linguistic knowledge.

Part 2 will offer candidates a choice of two bullet points based on one of the other two broad themes not covered in Part 1. The same process as Part 1 applies.

3 ASSESSMENT

3.1 Assessment objectives and weightings

Below are the assessment objectives for this specification. Learners must:

AO1

Listening: understand and respond to different types of spoken language.

AO2

Speaking: communicate and interact effectively in speech.

AO3

Reading: understand and respond to different types of written language.

AO4

Writing: communicate in writing.

The table below shows the weighting of each assessment objective for each unit and for the qualification as a whole.

	AO1	AO2	AO3	AO4	Total
Unit 1		25%			25%
Unit 2	25%				25%
Unit 3			25%		25%
Unit 4				25%	25%
Overall weighting	25%	25%	25%	25%	100%

3.2 Arrangements for non-examination assessment

Non-exam assessment accounts for 25% of this GCSE. The following are general guidelines for the conduct of Unit 1: Speaking. All non-exam assessments must be conducted under controlled conditions as outlined below, and in accordance with regulatory requirements.

Task setting

Learners are not permitted to use dictionaries in any part of the assessment.

Tasks will be set by WJEC. The assessment will be carried out by teachers at the centre, audio recorded and marked by external examiners.

The assessment will consist of three tasks carried out in the following order:

- role play
- photo card discussion
- conversation divided into two parts (Part 1 and Part 2).

Each task will cover one of the broad themes (see page 6). Part 2 of the conversation will be drawn from one of the remaining broad themes not covered in Part 1 of the conversation.

Example

Task	Theme	Sub-theme
Role Play	Identity and culture	Youth culture
Photo Card	Wales and the World – areas of interest	Home and locality
Conversation (part 1)	Current and future study and employment	Current study or Enterprise, employability and future plans
Conversation (part 2)	Identity and culture	Lifestyle or Customs and traditions

The tasks will be contained in a four-page task booklet and will be clearly labelled as set 1 to 9 (1 to 6 from 2021 onwards). There will be a total of nine sets per series (six sets per series from 2021 onwards), each containing a different combination of broad themes. Once candidate entries have been made, a list allocating a set to each candidate will be randomly generated. Candidates must not be informed of which set number task booklet they have been allocated prior to their assessment time. Centres are required to ensure that each candidate uses the correct set.

Task taking

The speaking assessments will take place during a five-week period between April and May. Centres may open the packs up to three working days in advance of the first assessment date.

Preparation

On the day(s) when the assessment is conducted, each candidate will have 12 minutes supervised preparation time. The candidate will be given his/her pre-allocated set and can use the time to prepare the tasks. The supervisor must ensure that during the preparation time the candidate does not have access to additional materials and that the preparation timings are adhered to. During the preparation time the candidate has the opportunity to decide which of the two bullet points presented for each theme they would like to choose for the conversation task.

The candidate may, if they wish to, make notes on a single side of A4 paper during the preparation time, and may refer to these notes during the assessment. The notes will then be handed to the teacher at the end of the assessment and retained by the centre until the end of the Review of Marking period. There will be no restriction on the number of words or the material which the notes contain, but the candidate should not write out complete and continuous sentences nor write on the task booklet. At the end of the assessment the task booklet must also be handed to the teacher.

Timings

The assessment for foundation tier candidates will last 7-9 minutes and 10-12 minutes for higher tier candidates. There is no requirement to supervise candidates before the formal preparation time or after the assessment. However, centres must be mindful to limit opportunities for collusion in the setting of their assessment schedules. Centres will need to keep a record of the schedule (including dates) on which the assessments are conducted. There will be an authentication form for the centre to sign and declare that assessments have been conducted according to the requirements and this must be submitted to WJEC with the audio recordings.

Format of the assessment

Task	Approximate timings	
	Foundation tier	Higher tier
Role play	2 minutes	2 minutes
Photo card discussion	2 minutes	3 minutes
Conversation x 2	3-5 minutes total	5-7 minutes total
All tasks	7-9 minutes total	10-12 minutes total

The timings for each task as indicated in the table above are approximate. If a candidate has successfully completed the role play they can proceed to the next task; however, teachers must adhere to the overall timings of 7-9 minutes (foundation tier) and 10-12 minutes (higher tier). Any speaking evidence that exceeds these timings will not be marked.

Teachers' prompts for the role plays, the seen and additional questions for the photo card discussion and guidance for the conversation will be provided in a composite booklet which will be sent to the Examinations Officer at the centre in a secure pack. Teachers are advised to familiarise themselves with the materials in advance of the assessments, up to three days prior to the commencement of the first assessment.

Role play

The role plays contain five interactions and candidates will be instructed who starts the dialogue on their task card.

Photo card discussion

Foundation tier: the candidate will have three questions that they will see during the preparation period on their task booklet and will be asked one unseen question. The teacher will lead the discussion by asking the three seen questions followed by the one unseen question.

Higher tier: the candidate will have two questions that they will see during the preparation period on their task booklet and will be asked two unseen questions. The teacher will lead the discussion by asking the two seen questions followed by the two unseen questions.

The teacher may rephrase the questions, provided that the same meaning is maintained and may also repeat or rephrase questions that the candidate does not understand.

Conversation

Part 1

Part 1 of the conversation will cover content from the remaining broad theme not covered by the role play and photo card discussion. The candidate must choose one of the nominated bullet points for their discussion. The teacher/examiner will ask the candidate which bullet point they have chosen. The candidate will then be expected to initiate the conversation. If the candidate is unable to do so then the teacher/examiner may prompt the candidate with a question. This will be reflected in the awarding of marks for communication and interaction.

Part 2

The candidate will have a choice of two bullet points taken from a broad theme not covered in Part 1 of the conversation. The teacher/examiner will ask the candidate which bullet point they have chosen and will start the conversation.

The teacher/examiner must ensure that each part of the conversation is given equal timings of between 1½ and 2½ minutes for foundation tier and between 2½ and 3½ minutes for higher tier.

It is important that the candidate has the opportunity to demonstrate extended responses and is supported by the teacher. Suggested questions for the conversation will be provided in the teacher's composite booklet by theme. They are examples only and are not prescriptive or exhaustive. It is important the teacher responds to what they are hearing and does not simply ask a list of prescribed questions.

In both parts of the conversation the candidate should be looking to:

- provide facts and information relating to the sub-theme chosen
- to give and/or justify their ideas and/or opinions
- to narrate events or give an account of something that happened related to the topic
- talk about their future plans or ideas relating to the topic.

Candidates' performance depends not only on their own skills and ability but also on the nature of the additional questions asked by the teacher/examiner. The teacher is therefore advised to familiarise themselves with the descriptors on the assessment grids for foundation and higher tier conversations and to ensure that their questioning gives candidates opportunities to achieve their potential in each section of the mark scheme.

4 TECHNICAL INFORMATION

4.1 Making entries

This is a linear qualification in which all assessments must be taken at the end of the course. Assessment opportunities will be available in May/June each year, until the end of the life of this specification. Summer 2018 will be the first assessment opportunity.

A qualification may be taken more than once. Candidates must resit all examination units in the same series.

Marks for NEA may be carried forward for the life of the specification. If a candidate resits an NEA unit (rather than carrying forward the previous NEA mark), it is the new mark that will count towards the overall grade, even if it is lower than a previous attempt.

Where a candidate has certificated on two or more previous occasions, the most recent NEA mark is carried forward, regardless of whether that mark is higher or lower (unless that mark is absent).

All learners taking this GCSE Spanish qualification must be entered for four units in total. In addition, all learners must be entered for the qualification cash-in.

The entry codes appear below.

	Title	Entry codes

Unit 1	Speaking (Foundation tier)	3810U1	3810N1

GCSE Qualification cash-in		3810QS	3810CS

The current edition of our *Entry Procedures and Coding Information* gives up-to-date entry procedures.

4.2 Grading, awarding and reporting

GCSE qualifications are reported on an eight point scale from A*-G, where A* is the highest grade. Results not attaining the minimum standard for the award will be reported as U (unclassified).

There are two tiers of entry available for this GCSE qualification in Spanish: Higher Tier (Grades A* - D) and Foundation Tier (Grades C - G). In most cases, we would expect candidates to be assessed within the same tier. Exceptionally, it may be appropriate to enter some candidates for a combination of higher and foundation tier units.

The Uniform Mark Scale (UMS) is used in unitised specifications as a device for reporting, recording and aggregating candidates' unit assessment outcomes, and is used for this linear GCSE qualification in order to facilitate the grading of candidates who enter for a mix of foundation and higher tier assessments. Individual unit results reported on UMS have the following grade equivalences:

Grade	MAX	A*	A	B	C	D	E	F	G
Units 1-4	100	90	80	70	60	50	40	30	20

For each unit, all of which are tiered, the maximum uniform mark available on the foundation tier of the assessment will be 69 (i.e. 1 mark less than the minimum mark needed to achieve a grade B on the unit).

The uniform marks obtained for each unit are added up and the subject grade is based on this total. The total results reported on UMS will have the following grade equivalences:

Grade	MAX	A*	A	B	C	D	E	F	G
Subject Award	400	360	320	280	240	200	160	120	80
